

The NorNed cable

Synergy between Norway and The Netherlands

WORKSHOP ON IMPLICIT AUCTION

NorNed Europe's link
for the future

Statnett tennet 

2nd March 2009

Amsterdam airport

WELCOME

- **Why this workshop**
 - Question raised during consultation on grid code change proposal
 - Need to involve stakeholders in discussions
 - Might help authorities to get a more complete picture
 - Explore issues and find solutions
- **Practicalities**
 - Please turn cell phones in silent mode
 - Coffee tea etc available
 - Need other assistance please ask
 - Please sign list with attendees

SCOPE

- Change proposal for the Dutch Grid Code to allow for an interim solution for implicit auctioning on the NorNed
- Dig in the specifics of the proposal
- How and when to introduce an implicit auction on the NorNed
- Challenge the expectations and assumptions in the analysis

GOAL is to.....

- understand the proposed change for the Dutch grid code and its consequences
- challenge each other on arguments
- identify concerns and to relieve them
- find an acceptable solution
- make it happen and you to really want it to happen
- agree the examples shown are valid
- identify changes to improve proposal

→ Make the next step forward

Agenda

- Welcome and introduction: goal and scope (Jan van Putten)
- From perfect market coupling to current proposal (Ole Gjerde)
- Current proposal, concept (René Beune)
- EMCC (candidate service provider) (Enno Bötcher)
- Wider European integration perspective (Andrew Claxton)

11h30 coffee

- 13h00 LUNCH
